★ Who is Felipe? ★

Felipe is a 16 year old Chilean, living in Talcahuano, Chile. He has a main character mascot named "MickMario", which is NOT original at all. You can tell where this is going. Felipe also has other characters, such as MinnPeach, GoofLuigi, PeteWario, etc. Who knows how many unoriginal characters he has? He has an unreleased show named "MickMario and His Gang", also known as MMAHG for short. He claims he's level one on the Autism spectrum, and it clearly shows 🤔👌. His interests are mostly old cartoons, such as Fireman Sam, Thomas and Friends, Felix the Cat, Animaniacs (Which I'm mad he knows about and you'll see why), etc. He acts very childish. I'm not saying liking children's shows is wrong, because me, Kimmy, I love children shows myself. Felipe is known for bad stuff, the time has finally come to expose him. (He is also known for being bullied by a lot of other channels that have the same content as him.)

Felipe's known current socials are:

- Ignacio Saavedra on Youtube
- Felipeelcrack888 on Instagram
 - Felipecrack on Discord
- El.ratn.fontanero on TikTok
- Felipeelgamer1234 on Twitch

If you want to contact him, here's his socials we know about.

[To the viewers who are reading this, please don't harass him in any way possible, if he harassed you one time, please report him!]

This is also what Felipe looks like.

Here's my face, just in case you wanna know how I look like

☆ What has Felipe done? ☆

Felipe has done TERRIBLE things. Such as grooming minors, sexual activity with minors, threats, cyberbullying, and more. He complains that everything that happened was in the past, which was around 2 and 3 years ago, but grooming and sexual intercourse WITH REAL AND FICTIONAL MINORS is unforgettable and unforgivable. Felipe's currently "depressed" because of us, all because we're telling the truth about him. Felipe has also shown recently that he has not changed, though he still asks for people to forget about what he did and forgive him.

He tends to have self-pride and lust, meaning he'll only have sex with attractive people, which is absolutely disgusting. It takes back in 2023 to early 2024, when we started to trust him again. We gave him plenty of trust until this November. In my defense I find it really disrespectful that he wanted to have sex with Vani back in 2023 around June-August.

And besides of him telling people to forget about his past, he keeps bringing his own past of what happened in 2022, where he was dealing with a whole drama from around November - December 2022 until January 2023(?). Felipe is nothing but a loser never liked him at all! Because of sending de4th threats to me and wanting to nuke my country (Philippines) all because he doesn't like me! Like bro if you don't like me then just leave me alone then! And also I hated him so much with burning passion all because of his disgusting inappropriate and terrible actions to my friends back in 2023 to 2024 by making s*x roleplays, drawing r34 of a minor and inappropriate jokes! Including sending de4th and r4pe threats to them! And his excuse is just "It's just the past" "don't bring up my past" "It's in the past forget about it" Like even though it's in the past it's still disgusting and unforgivable! And despite making too many apologies with us he still keeps doing it! Like he never really changed for the better!

☆ Felipe's sexual actions ☆

Oh god here we go. Felipe has been a bitch to people, and this includes sexual intercourse with minors, original characters of mine, and other characters. It honestly doesn't really matter if it's a roleplay or if it's fictional, the fictional characters are minors. He also said he wanted to fuck his girlfriend, Elisa. Sooo yeah great start. Besides that, he also wanted to have sex/sleep with one of his ex girlfriends, Touko. She wasn't comfortable at all. And yeah, he also lied about me kidnapping him and having sex with him. (Keep in mind that I'm a minor and I would NEVER do that.)

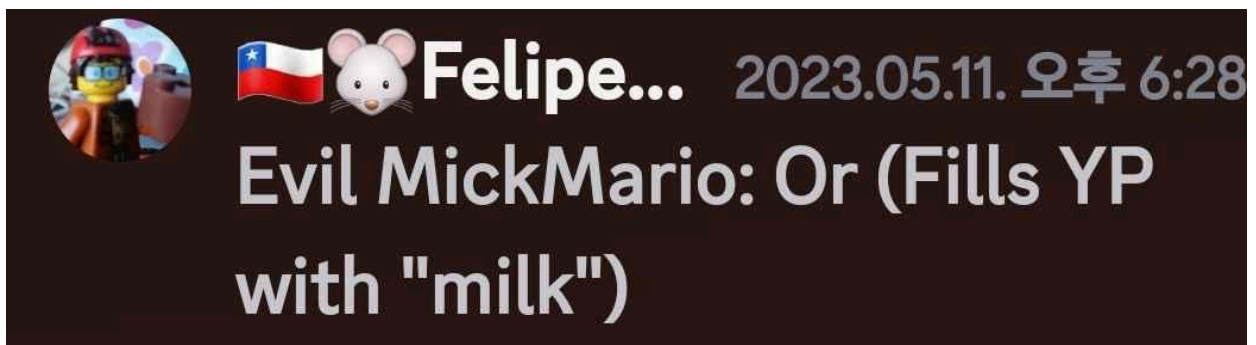

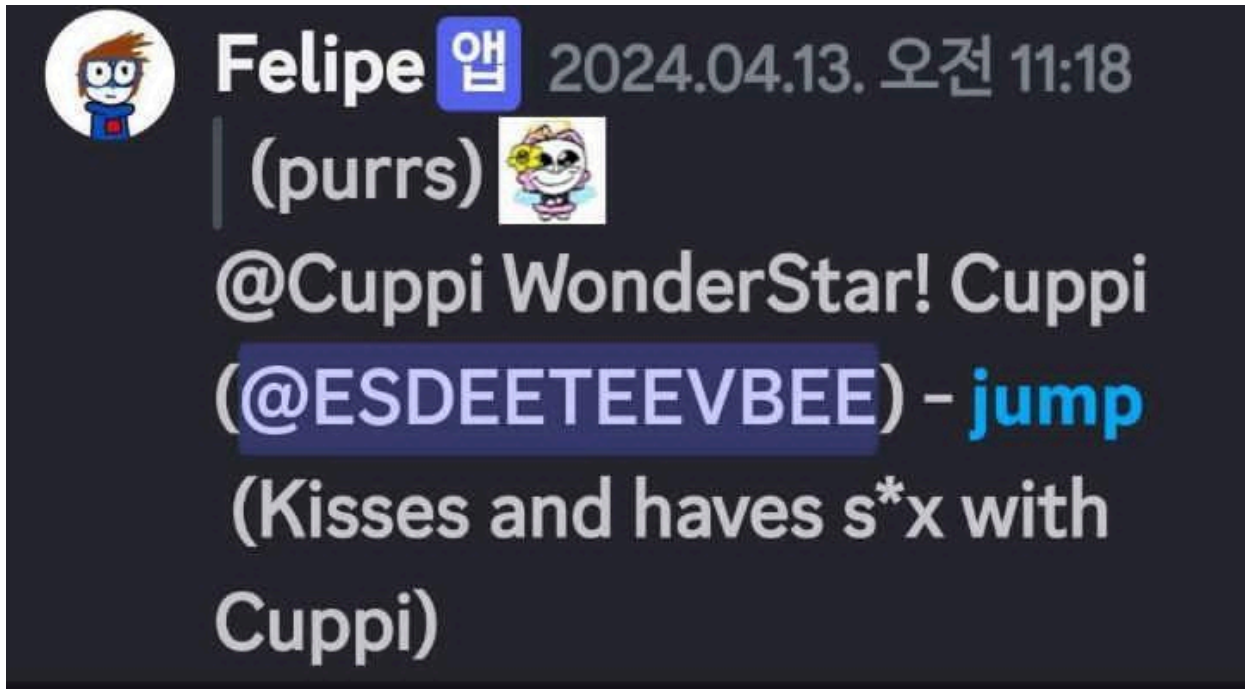

Not only that, but he also did sex roleplays with Kimmy's (the creator of this document) ocs "Cuppi" and "Yakko Plushie". Nothing wrong right? WRONG. They're MINORS.

And of course he sexualizes his "OCs" and some other characters (like mascots) too.

He pretty much wanted to do a lot of that with OCs of Kims that were underage.

Have some images on the sexual stuff (like roleplays and messages) he did.

"But it was the past-" It's still disgusting and wrong.

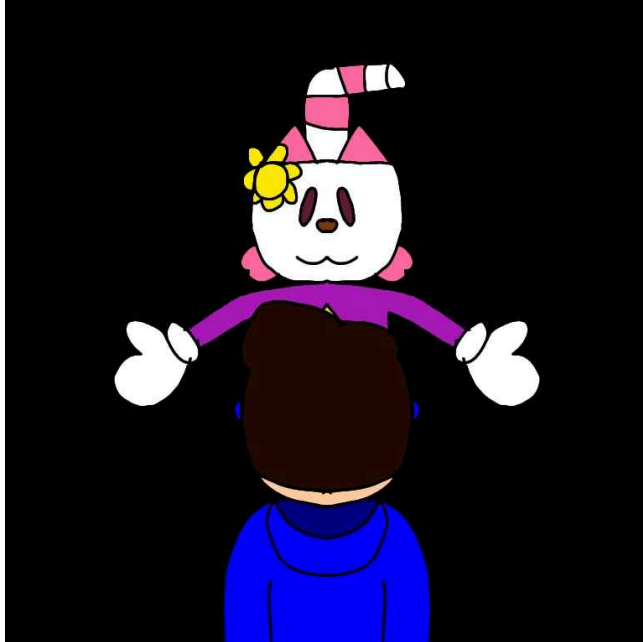

(Info: the last image (Touko's (one of Felipe's ex girlfriends) screenshot) was from October, so not really the past at the same time.) Although some of his actions are from about a year ago, his predatory and disgusting behavior CANNOT be justified. And considering some of these screenshots are from not too long ago can indicate that he has not changed in the slightest.

Lastly, Felipe has drawn porn of a literal oc of mine, which is a minor. She is canonically 10 years old, and never deserved to even be seen by Felipe.

☆ Felipe's Threats ☆

Felipe's threats are always "rape" or "death" threats at all. Well, in some cases, he might do another type of threat.

Like this as an example.

(As you can see, he threatened me to make sure I never want to talk to him again.)

And most of his threats go REALLY REALLY far, like he just crossed the line of a threat.

Just recently, he sent a death threat to whoever made the "false image" about him. Honestly I think he did it himself.

Felipe also threatens others because of different interests.

Yeah, especially opinions.

Felipe can't even handle a single opinion. Otherwise, he will send death threats to people. Felipe's hatred towards Soccer and Soccer players are literally so immature.

(Lionel Messi is his most hated soccer player, so he usually makes a threat for Messi himself.)

He has also said a rape threat towards me, which left me scared of him for awhile.

He said that he would go to Kimmy's house and then kill and fuck/rape her dead body if she didn't play Gartic Phone with him.

☆ Uncalled Racism ☆

This is short, but Felipe was going to say the N word towards IShowSpeed, one of his disliked YouTubers. Thankfully, he didn't actually say it, but this still counts as Racism. He isn't even black either.

I hate this (I can't say it cuz it's racist) -_-

He also called me Kim Jong-Un. Which didn't really affect me because I remember him saying it to me a while ago. And here he says we "treat him worse than Hitler".

(Information: if you don't know who Hitler or Kim Jong-Un is, Hitler (also known as Adolf Hitler) used to be the commander of the Third Reich/president(?) of the Nazi Germany until 1945, where he shot himself after (or during) World War II(? I don't really remember all of the Hitler thing.). Hitler was a bad person too. And Kim Jong-Un is also known as the leader of North Korea.)

Besides that, he called a mascot named "La'eeb" (mascot of the 2022 Qatar Fifa World Cup) a "terrorist hat", which is racist because La'eeb represents a very known Arab hat named "Keffiyeh".

☆ *Other Felipe Topics* ☆

So apparently, Felipe criticized me because of a ship with Someity (mascot of the 2020/2021 Tokyo Summer Paralympics), which I shipped her with Athena (mascot of the 2004 Athens Summer Olympics), but not with his "OC" MickMario.

Hmmm

So he just said "GET OUT" to me over a ship. Seriously? :/

And besides that, he criticized Shuan (also known as "Firework Fuwa") because she shipped Iki (Shuan's OC) with Someity and Fu Niu Lele (mascot of the 2008 Beijing Summer Paralympics)

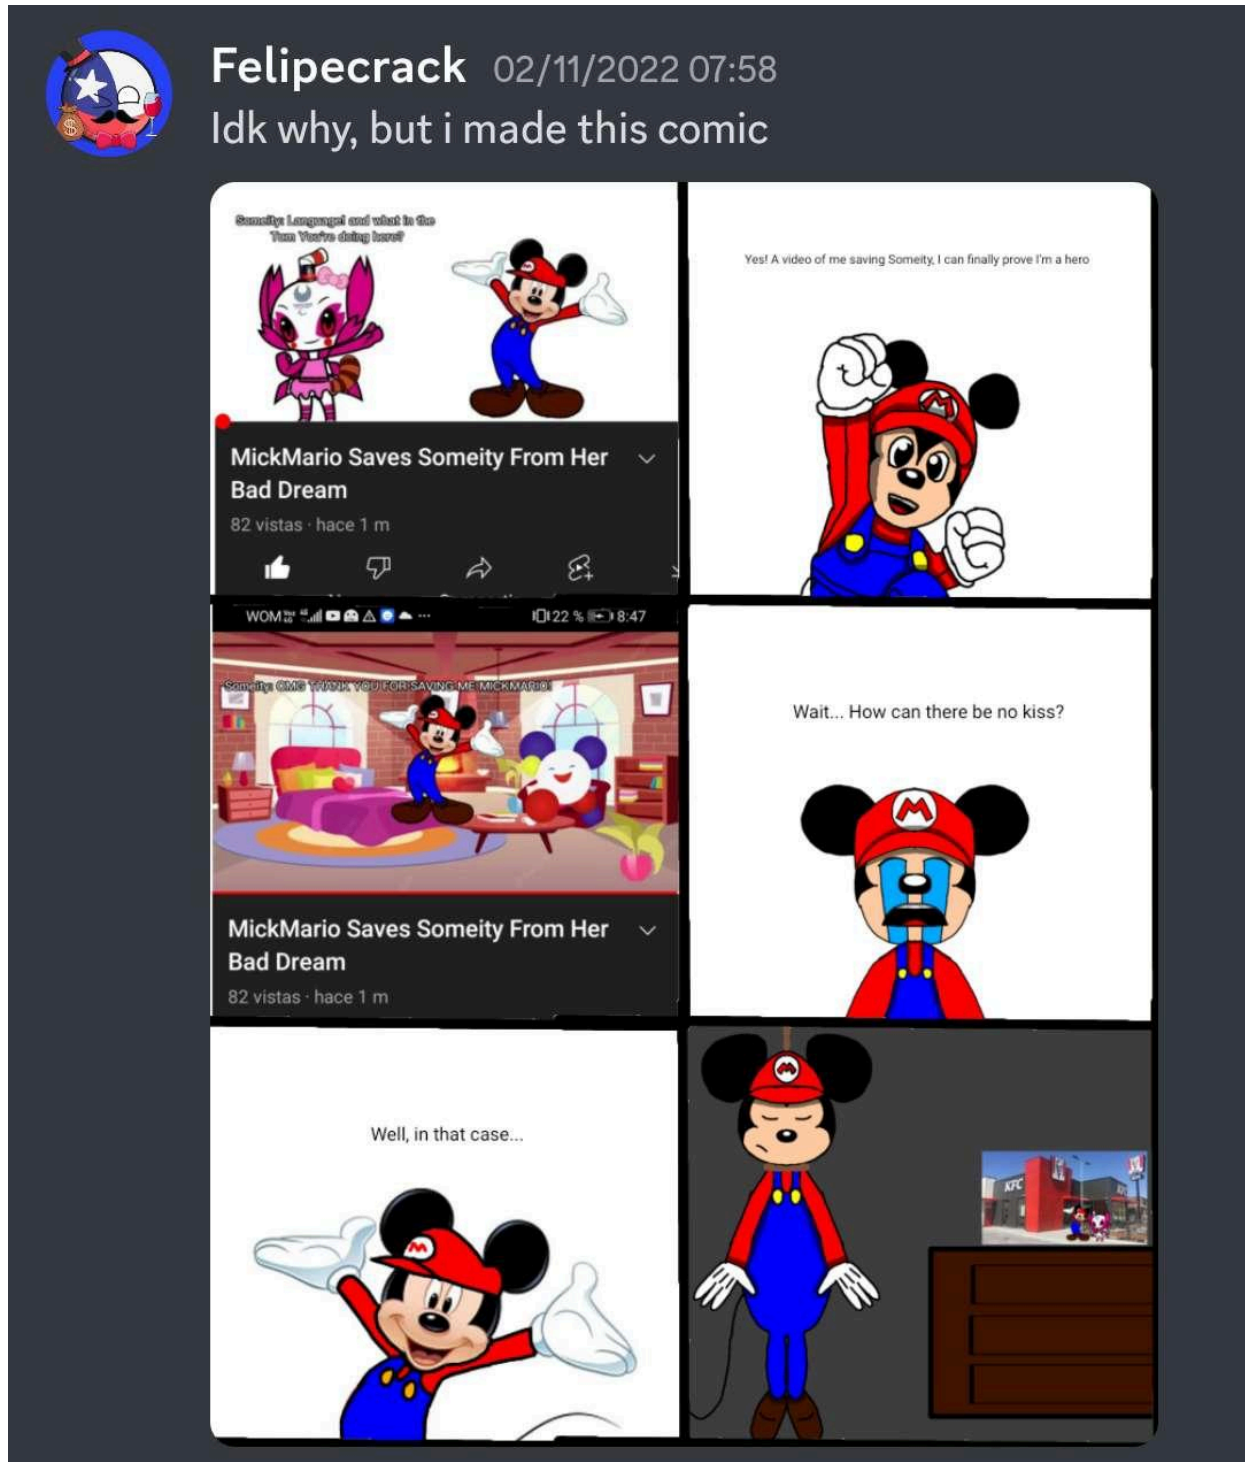

He criticized me with
ship Iki(one of my ocs) x
Someity and Fu Niu lele x
Someity

(Info: Felipe usually shipped MickMario with Someity, MinnPeach and Iki. That's why he kept criticizing other Someity ships.)

When we were roleplaying, he forced us and got us to be in his OC's stomach when it was something more friendly. And when I was in a discord with them, we were on gartic phone and he yelled out 'YOU HAD RUINED IT!' Which made me feel guilty and sad

In 2022, Felipe also made a comic where his "OC" MickMario was seeing Kirby's / Yatta's video about MickMario saving Someity in a dream, but after he saw that it didn't have a kissing scene at the end, he had to make MickMario cry and then have the idea to hang himself.

So that could be somehow a mention of suicide, since it's a character hanging themselves.

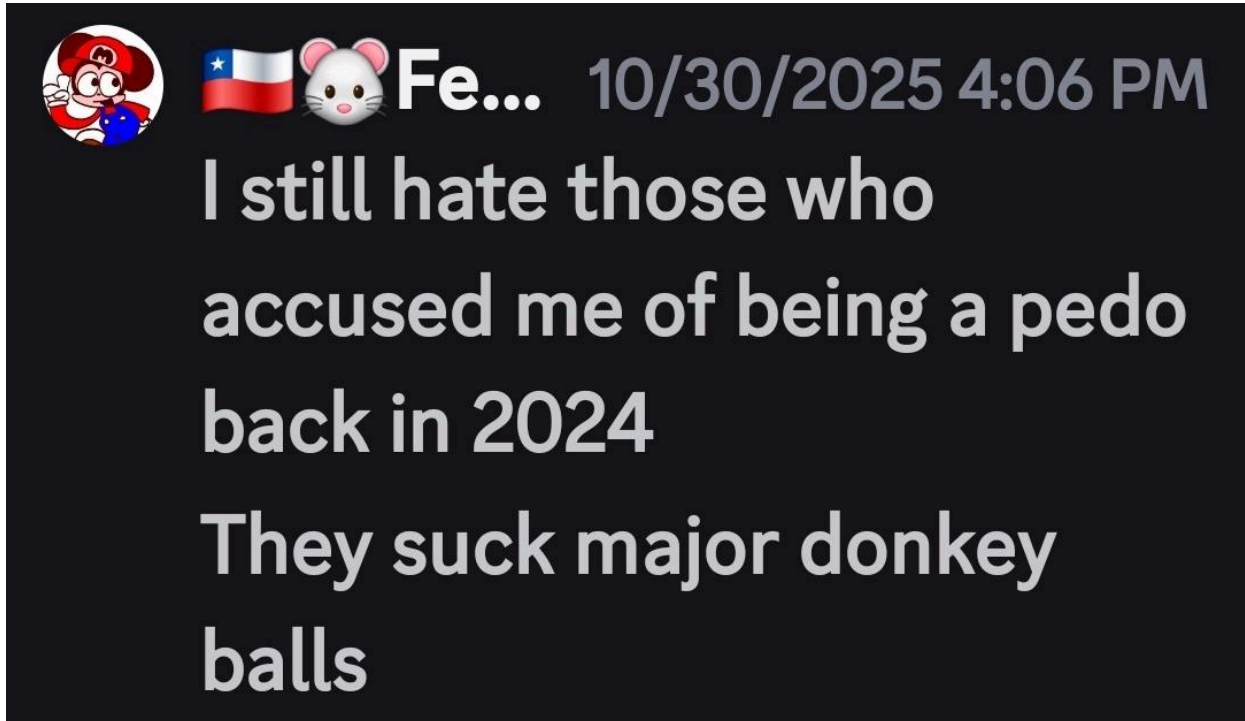

He requested me this to YouTube back in 2022 to make a video including MickMario kissing someity like wtf? Why would I make videos like this? Do you know there is a reason why I don't want to make videos like this that has kissing and shipping? I might be getting hate and criticisms because of this! And it's just disgusting that you just have the audacity to send me an image of your oc h4nging himself all because I didn't add a kiss on MickMario and Someity! It's just making me uncomfortable and stressed!

Felipe has also said this to us, which is so weird and disgusting, I know we aren't accusing him, he knows what he's done. It doesn't matter if it's in the past or not.

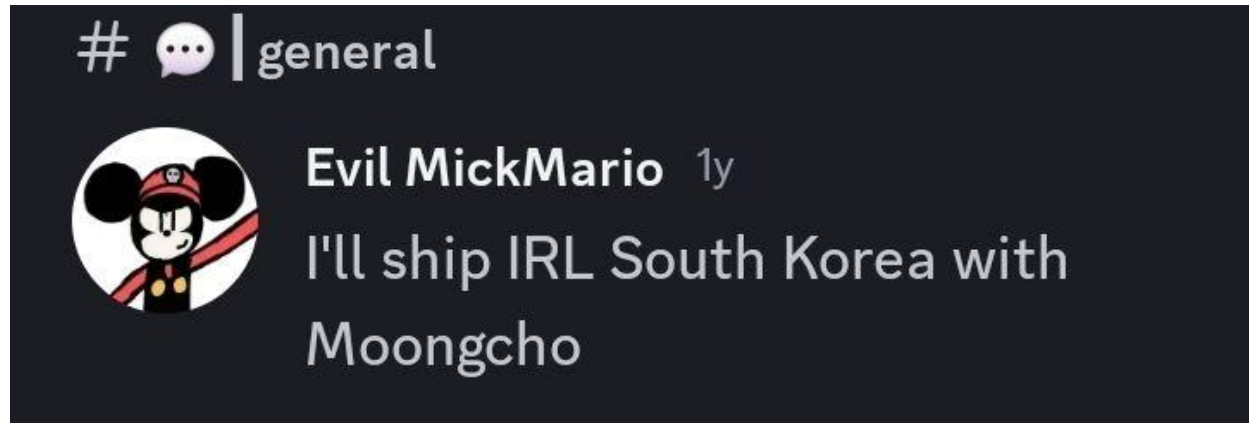

We all find his behaviour really disgusting and brutal. He takes it out on his autism sometimes when clearly he can help it. It's really not okay to see things like this especially when people are feeling upset.

And unfortunately, that's clearly his behavior when it comes to upset/mad/sad people because of him doing something that didn't made them comfortable.

He sometimes takes it out on other people too when they're depressed or going through a hard time. (Especially me, he doesn't care if I have depression disorder, he says what he says) He's a pain in the ass to deal with. Unfortunately he might not stop.

And apparently, he used one of his bots to ship me with Moongcho (mascot of the 2024 Gangwon Winter Youth Olympics, who is a minor (baby).)

Felipe also triggers other people on purpose, like me and Moe. He drew a suicide drawing of Moe on Gartic Phone which we don't have the image of, but here is the aftermath. He complained he always ruins everything, (which he does) and tried to attention seek us so we could forgive him for it.

She isn't necessarily cyberbullying. She is spreading awareness for what you've done

All the things you've done are true.

  Feli... 11/17/2024 2:08 PM

Bitch, that was from the past

"It's the past!" The same excuse won't work. Pedophilia isn't something to joke about. So are the rape/sexual threats/roleplays too.

Nothing like that will be just wiped away. It can traumatise someone almost instantly and they'll turn their back on him once the damage is completely done

And there's no way we can go back, apologizing wouldn't also likely work too, the person would still be ruined by his own actions.

Even though it's in the past this is still disgusting and messed up for what he did! Also he will not be forgiven anymore because we have given him like 4 or 5 chances to him but he keeps messing up those chances!

Summary

Hey, it's me, Moon/Vani/Vanillaz!

So we all know what Felipe did was wrong and unforgivable (+ disgusting too). No matter if it's the past, that's still wrong to do.

And here's my experience with Felipe.

I've had a horrible experience with him though. The way he just spreaded out a lie of me, the way he kept doing rps that never made me comfortable at all, the way he just had to answer my prompt saying how much he ruined my mentality with a verse saying about forgetting the past and more. I had to tell everything about him to many of all, and also the way he manipulated me to ban someone and to hate on someone too. I'm glad I finally stopped dealing with his shit. I'm just so glad that y'all cannot understand that. I never trusted him after what he did, I'm actually scared of him. Besides him also calling me a motherfucker because i kept doing the same thing he usually did.

(Bring his own past)

Also what he did to my friends (Kirby/Yatta, Kimmy, Yaz, Elisa, etc.) was REALLY wrong, and there's no way none of us can forget about that, I know it was the past but, it's still WRONG. It's unforgivable.

I've been trying to recover from what he did, but I still can't. There's no way I can forget about it. ...I'm alright, I guess.

(No I'm not.)

(I don't really have anything to explain so uhh, yeah that's the end of my summary and my experience with him. Bye bye!)

- Moon/Vani/Vanillaz

Hey my aliens! I know I've been in the drama too unfortunately I was also in this war with Felipe and I also dealt with him and his nonsense in the past. I did the right thing and blocked him so that way

he wont harass me in my videos or anything like that. His actions were unbelievably awful and I felt really bad for the others who did deal with him for longer. In conclusion, I won't be trusting him nor being his friend until he actually starts to act more mature and stop being a homophobic lust man. All the things he did are absolutely ridiculous. I really hope his discord gets permanently banned until further notice. Like Kim's part, I struggled with coping when the fight happened so then he took the blame on me, Moon, Kirbo, and others to the point Pakko got scared. Right now I just feel really disappointed that he manipulated Kim and Kirbo. They didn't even do anything to him except for expressing how they felt. Thanks to them, I actually know what's going on and sent me proof. But, all that I'm worried about is everyone elses mental/psychological state. Sometimes coping can be really hard until they give up on themselves and do it. But, luckily we all know the actions of what Felipe did and all that. I'll see you guys in later episodes! C'yall soon, byebye!

-TAFSTERALIEN🍀

Hello this is Kirby/Yatta I just wanna say I've hated Felipe since 2022 and got into allot of drama with him on YouTube and discord. And I have been dealing with his actions and behaviour in the 2-3 Years and he has been ruining my mental health all because of his threats against me. And he couldn't handle any criticism like he is not acting like his age or being matured all he does is wanting to send threats whenever we called his OC "MickMario" bad, lazy and traced. His actions towards my friends (Kimmy, Moon/Vani, Yazi, Elisa) is just disgusting and messed up and it makes me feel really bad and sad for them because what he did to them is messed up, disgusting and inappropriate! Like making de4th threats on them all because they don't like you or ignore you is just disgusting! And he made inappropriate or R34 drawings on Elisa and Cuppi a OC that is a minor! And I don't like the fact he just wants to be friends with me again after the horrible things he did to my friends i was like BRO I WAS NEVER FRIENDS WITH YOU! Like leave me tf alone! And trying to manipulate us on hating Elisa all because of a break up because of his actions he only wants us to do it so Felipe can get Elisa back as his Gf again which makes us p*ssed! In conclusion I am not and never gonna forgive him ever again after for what he did to me and my friends by ruining our mental health, making inappropriate drawings on my other friends and disgusting horrible things he did and said about us like de4th threats and r4pe threats! So that is what I'm gonna say and thank you so much for listening or reading this document because I'm finally glad the person I've hated the most with burning passion is finally getting exposed and getting what he deserves! He deserves nothing but pain! And glad he loses everything! But I really hope everyone is feeling okay now!

So that's all folks! See ya! Poyo! :3

- Kirby/Yatta

Kimmy here, I've been dealing with Felipe's shit for a long period of time, it ruined my mental health and others terribly, I've dealt with this for the past 2-3 years, and I'm glad he's getting exposed now. Everything that has happened to him, he deserves, because what he did to us was traumatic. Honestly, him making porn of my OC's made me start making porn, which I know is a terrible trait of mine. I'm trying to recover from it, but it's really hard to. Thankfully, I got some

friends that love and protect me from him, which is the reason why I'm still alive today. (Pakko I'm looking at you, I love you) I'm not scared of Felipe anymore, all he is is an asshole :D And he won't offend me anymore :3 See you guys soon :3

Hi, I am Stinky!! (Though I am also known as Logie or Logiebeyr25.) Although I helped edit this document, I have not had many interactions with Felipe before the document as I became friends with Kimmy and everyone else in August of 2024. (I did have more interactions with him once he came back, but uhh yeah.) I really never liked Felipe because of his rude behavior around people along with his disgusting behavior from the past. To anyone and everyone Felipe has brought down or hurt in any way, I hope you get better and I wish the best for you!! Goodbyes

P.S. Hi, goodbye, Hi again, goodbye again, and goodbye for reals

So the conclusion of this document is that Felipe is a bad, manipulative, homophobic and racist guy. Not only that, he's also a "pedophile" who sexualizes minors and stuff. And also a hypocrite for bringing up his own past even if he doesn't want the others to bring up his own past.

And this is the end of the doc.

As in said before, do not harass him in general. But if he harassed or if he wants to harass you, report him/block him immediately for your own safety.

Also, this document might be continued, if Felipe decides to cause more drama.

Bye bye and have a great day/night! <3
